Brookville Local Schools

The statistics in *Know the Gap, Close the Gap* are sobering. As disturbing as the numbers are, they are critical to know if our community is going to help every child succeed.

The sources of the achievement data on the following pages are Ohio Department of Education and National Student Clearinghouse, with analysis provided by the University of Dayton’s Business Research Group.

The numbers in the report take in all students throughout Montgomery County. The charts in this packet are for students in your school district. All districts have important challenges.

If data are missing for certain groups of students, that’s because your district has too few students in that particular subpopulation to create an accurate trend line.

**Overview data:**

![Brookville K-12 Students](chart)

![Children Living in Dire Poverty or a Financially Stressed Family](chart)

- Children living in dire poverty (below 100% of the FPL)
- Children living in a financially stressed family (100% to 199% of the FPL)
- Children living in families above 200% of the FPL

Source: American Community Survey estimates with extrapolation by the University of Dayton Business Research Group.

When you review your district’s data, you may want to ask:

Does the data surprise you?

Who needs to know this information, so they can use it to make decisions about practices, policies and interventions for children in your community?
"Ready to learn" is defined as scoring in the highest of 3 "bands" on Ohio's Kindergarten Readiness Assessment, given to all children at the start of their kindergarten year.

**% of Brookville Public School kindergartners who begin school ‘ready to learn’**
